**Fun with Fashion Elective:**

I am teaching a new elective called "Fun with Fashion." If you are an artist, but not one with a pen or paint brush, or not one who plays an instrument or sings, but you have an idea for putting clothing and accessories together. If mixing textures and prints to pull a look together is something you enjoy, this may be for you. If you want to study fashion trends and learn about how Goth became a style or what was worn in the Victorian age, this may be for you. If you want to be given an article of clothing like a belt or a hat or a pair of pants and asked what outfit you can come up with that you would be happy showing off or walking down the runway, then this may be the place to let your creativity soar.

Join me as we create some fun outfits, you let your style flourish, and we learn to at times think outside the box. We will periodically make our own pieces of jewelry or room decor pieces.
